**There's nothing better than a warm welcome.** Especially when it's your own home beckoning you to enjoy your stylish surroundings. Choosing flooring is literally the foundation everything else rests upon. So make it beautiful. Raise the stakes. Our **BerryAlloc** collection of premium laminate planks is the **crème de la crème of laminates.** 7 entirely rethought main ranges. Formats and finishes carefully curated for maximal aesthetic options. The choice of colours is unbeatable, from minimalist and Scandinavian near-whites to lively tints and wood-like faux parquet effects. All are luxurious and eye-catching. And a full two ranges in the collection are water-resistant, making them ideal for often humid areas like bathrooms or kitchens. Our laminate is of truly **exceptional quality** and each and every element is simply stunning. Welcome home.

**BERRY**  **ALLOC**®

BerryAlloc® offers a wide array of interior solutions for residential and commercial projects, ranging from laminate, vinyl and parquet floors to wall panels. The extensive BerryAlloc® product range has a lifetime warranty, is durable and meets current aesthetic and technical requirements: quality, variety of finishes, durability, longevity and ease of installation.

Guided by trends and the latest technological improvements, we strive to inspire and delight our customers. Discover our vinyl or laminate floors with a natural stone or wood look for your living room, bedroom, hallway, bathroom, kitchen or home office. Or choose a parquet floor for an authentic look and feel. BerryAlloc® is sure to have a stunning floor solution for every space.

# ***MADE IN BELGIUM***

We are proud of our Made In Belgium credentials. Known for all things creative, Belgium is the land of boundary-breaking clothes designers, great beer, good simple food - moules frites, anyone? - and design. We aren't just saying this because we are Belgian but our country is a place where innovation is embraced. And where our culture as a whole has embraced environmental consciousness, always on the lookout for eco-friendly solutions.

From design until the last production steps, our laminate floors are entirely produced in-house in Belgium. Manufacturing in Europe, we are closer to our markets. That means our products don't have so far to travel, reducing our carbon footprint. And we believe that all of us benefit from a conscientious green policy. That is what BerryAlloc being Made In Belgium means to us. And to you.

## **WE CARE FOR THE ENVIRONMENT**

Our Laminate meets PEFC\* standards for sustainability. Furthermore, our floors contain few volatile organic substances. This is better for the indoor climate of your home and also for your health. But we don't stop there. We produce as little waste as possible and convert anything left over into energy. We also use solar panels and wind turbines for our energy supply. This means that a BerryAlloc floor is sustainable and friendly to both people and the environment. We wouldn't have it any other way.

\* The Programme for the Endorsement of Forest Certification (PEFC) is an international non-profit, non-governmental organisation dedicated to promoting Sustainable Forest Management (SFM) through independent third-party certification.

Our products are classified as A+ for the emission of volatile substances in inside air (compulsive sanitary labelling in France since January 2012)

# ***HOME***

## ***GET COMFORTABLE***

**NATURAL WOOD DESIGN  
WITH A DEEP WOOD STRUCTURE**

**Cosy, natural, warm.** Soft to the touch and the foot,  
the modern elegance of BerryAlloc Laminate warms up your home.  
Look, walk, sit, lie on it. 100% comfort assured.

# LIFEPROOF

## BUILT TO LAST

There's nothing worse than beautiful flooring that you and your family have to tiptoe around. BerryAlloc Laminate is lifeproof, made to withstand the rigours of real life.

# ***DO ANYTHING YOU LIKE!***

## **EASY FLOORING - EASY CLEANING**

With BerryAlloc Laminate floors, there is no need to stress. Whether footprints or spilled breakfast, easy clean-up is part of the design process. Live, clean, repeat.

## **WATER-RESISTANT**

With our HydroPlus treatment, water-resistance is assured.  
For spaces that get wet, HydroPlus guarantees an extra  
layer of protection.

# HOW TO CHOOSE YOUR FLOOR

Choosing your new BerryAlloc Laminate flooring might seem daunting at first. Fear not. There are a few factors to keep in mind before you get going. In a funny twist, the first thing to think about is the end result. Imagine how you want it to feel once everything is in place. Like Scandinavian airy minimalism? A more rustic country style? Or sleek elegance all the way? All three are perfectly achievable. Think about if you want it to stand out. Within our large assortment of colours, you will find the one that perfectly suits your expectations.

The structure of your floor is just as important as the choice of a floor chosen with or without bevels.

A floor without bevels results in a seamless look where all planks create one uniform surface. This suits a modern, minimalist-style interior. A beveled floor is suitable for all interiors, it aligns the size of the planks and gives an extra but subtle finish to the floor. Coming back to the importance of the structure of the floor: This is the “cherry on top”, the most visible aspect of your floor. That is why we have worked very hard to offer you different

and realistic surface structures. A subtle or glossy finish can be found in our Smart collections. A real wood structure can be found in all our other ranges. Dare to compare! You like the touch and feel of a natural, matte floor? Choose one of our Gyant colours, the result will go beyond your wildest dreams! Do you like the look of a real parquet with deep cracks? Then choose one of the Canyon or Cracked XL colours.

**ACCESSORIES**

No matter which floor you choose, you will find the perfect matching accessories. They will add the ultimate finishing touch to your new floor. Last but not least: you can install our laminate in your kitchen and bathroom! Our Ocean and Eternity collections are perfectly water-resistant! Our easy-to-install locking systems ensure a quick installation of all of our collections. At the end of the day, you are never on your own as you choose your flooring. Your BerryAlloc specialist has been trained to guide you through every step of beautifying your home. The only thing left to do: enjoy your new laminate floor.

ETERNITY - CANYON BROWN

# 1. COLOURS

ETERNITY LONG - JAZZ XXL NATURAL

OCEAN LUXE - CANYON LIGHT

**Floor colour plays a part in the finished mood of your home.** Light brown colours give a peaceful airy feel. Medium to darker wood-like finishes lend a warm country feeling to a room. Black shades set the tone for a more dramatic, stylised look.

BerryAlloc Laminate features over 20 Walnut, Maple & Chestnut-like tones as well as shades that really pop. The collections are packed with colour. Or the absence of it. Natural hues, barely-there tints, all can be found within this elegant, exceptional range.

**IMPULSE - RETRO CHIC BLACK**

**SMART 8 V4 - BLOOM LIGHT GREY**

While neutral, slate and grey tones can be quite striking, BerryAlloc laminates are available in a great variety of shades. An eye-catching heritage tile effect can add to a lively atmosphere. Its embossed stonelike finish is a great way to inject texture, colour

and interest in your home. Embossing can also make laminate look more authentic, like real wood. It can give a more distressed effect, especially with lighter coloured planks. The possibilities really are endless with our laminate collections.

**IMPULSE V4 - CHARME BLACK**

## 2. SIZE & DECOR

**FINESSE** - GYANT LIGHT GREY 1288 X 155 MM

**GLORIOUS XL** - GYANT XL LIGHT GREY 2038 X 241 MM

**CHATEAU** - JAVA LIGHT GREY 504 X 84 MM

**IMPULSE V4** - GYANT LIGHT GREY 1288 X 190 MM

For voluminous spaces, make a statement with extra-large and long planks. BerryAlloc Laminate features more substantial sizes in many colours, looks and textures. **Finesse** lends a majestic calm and spaciousness to any room. Ideal for lofts and country houses. **Glorious XL** are the widest planks in the collection. They open up a room, giving an expansive feeling and hold their own in already large spaces. Their luxurious touch is unmistakable. Elegant and impressive, our **Chateau** range is designed to impart a chic yet traditional

look to any home. Revisiting classic parquet flooring, Chateau features iconic patterns like herringbone. Everything old is definitely new and modern again. Our **Impulse** classic range is made to fit into any decor. Different rooms call out for different treatments so the collection features a wide variety of colours, textures, finishes and accessories. Classic is anything but basic.

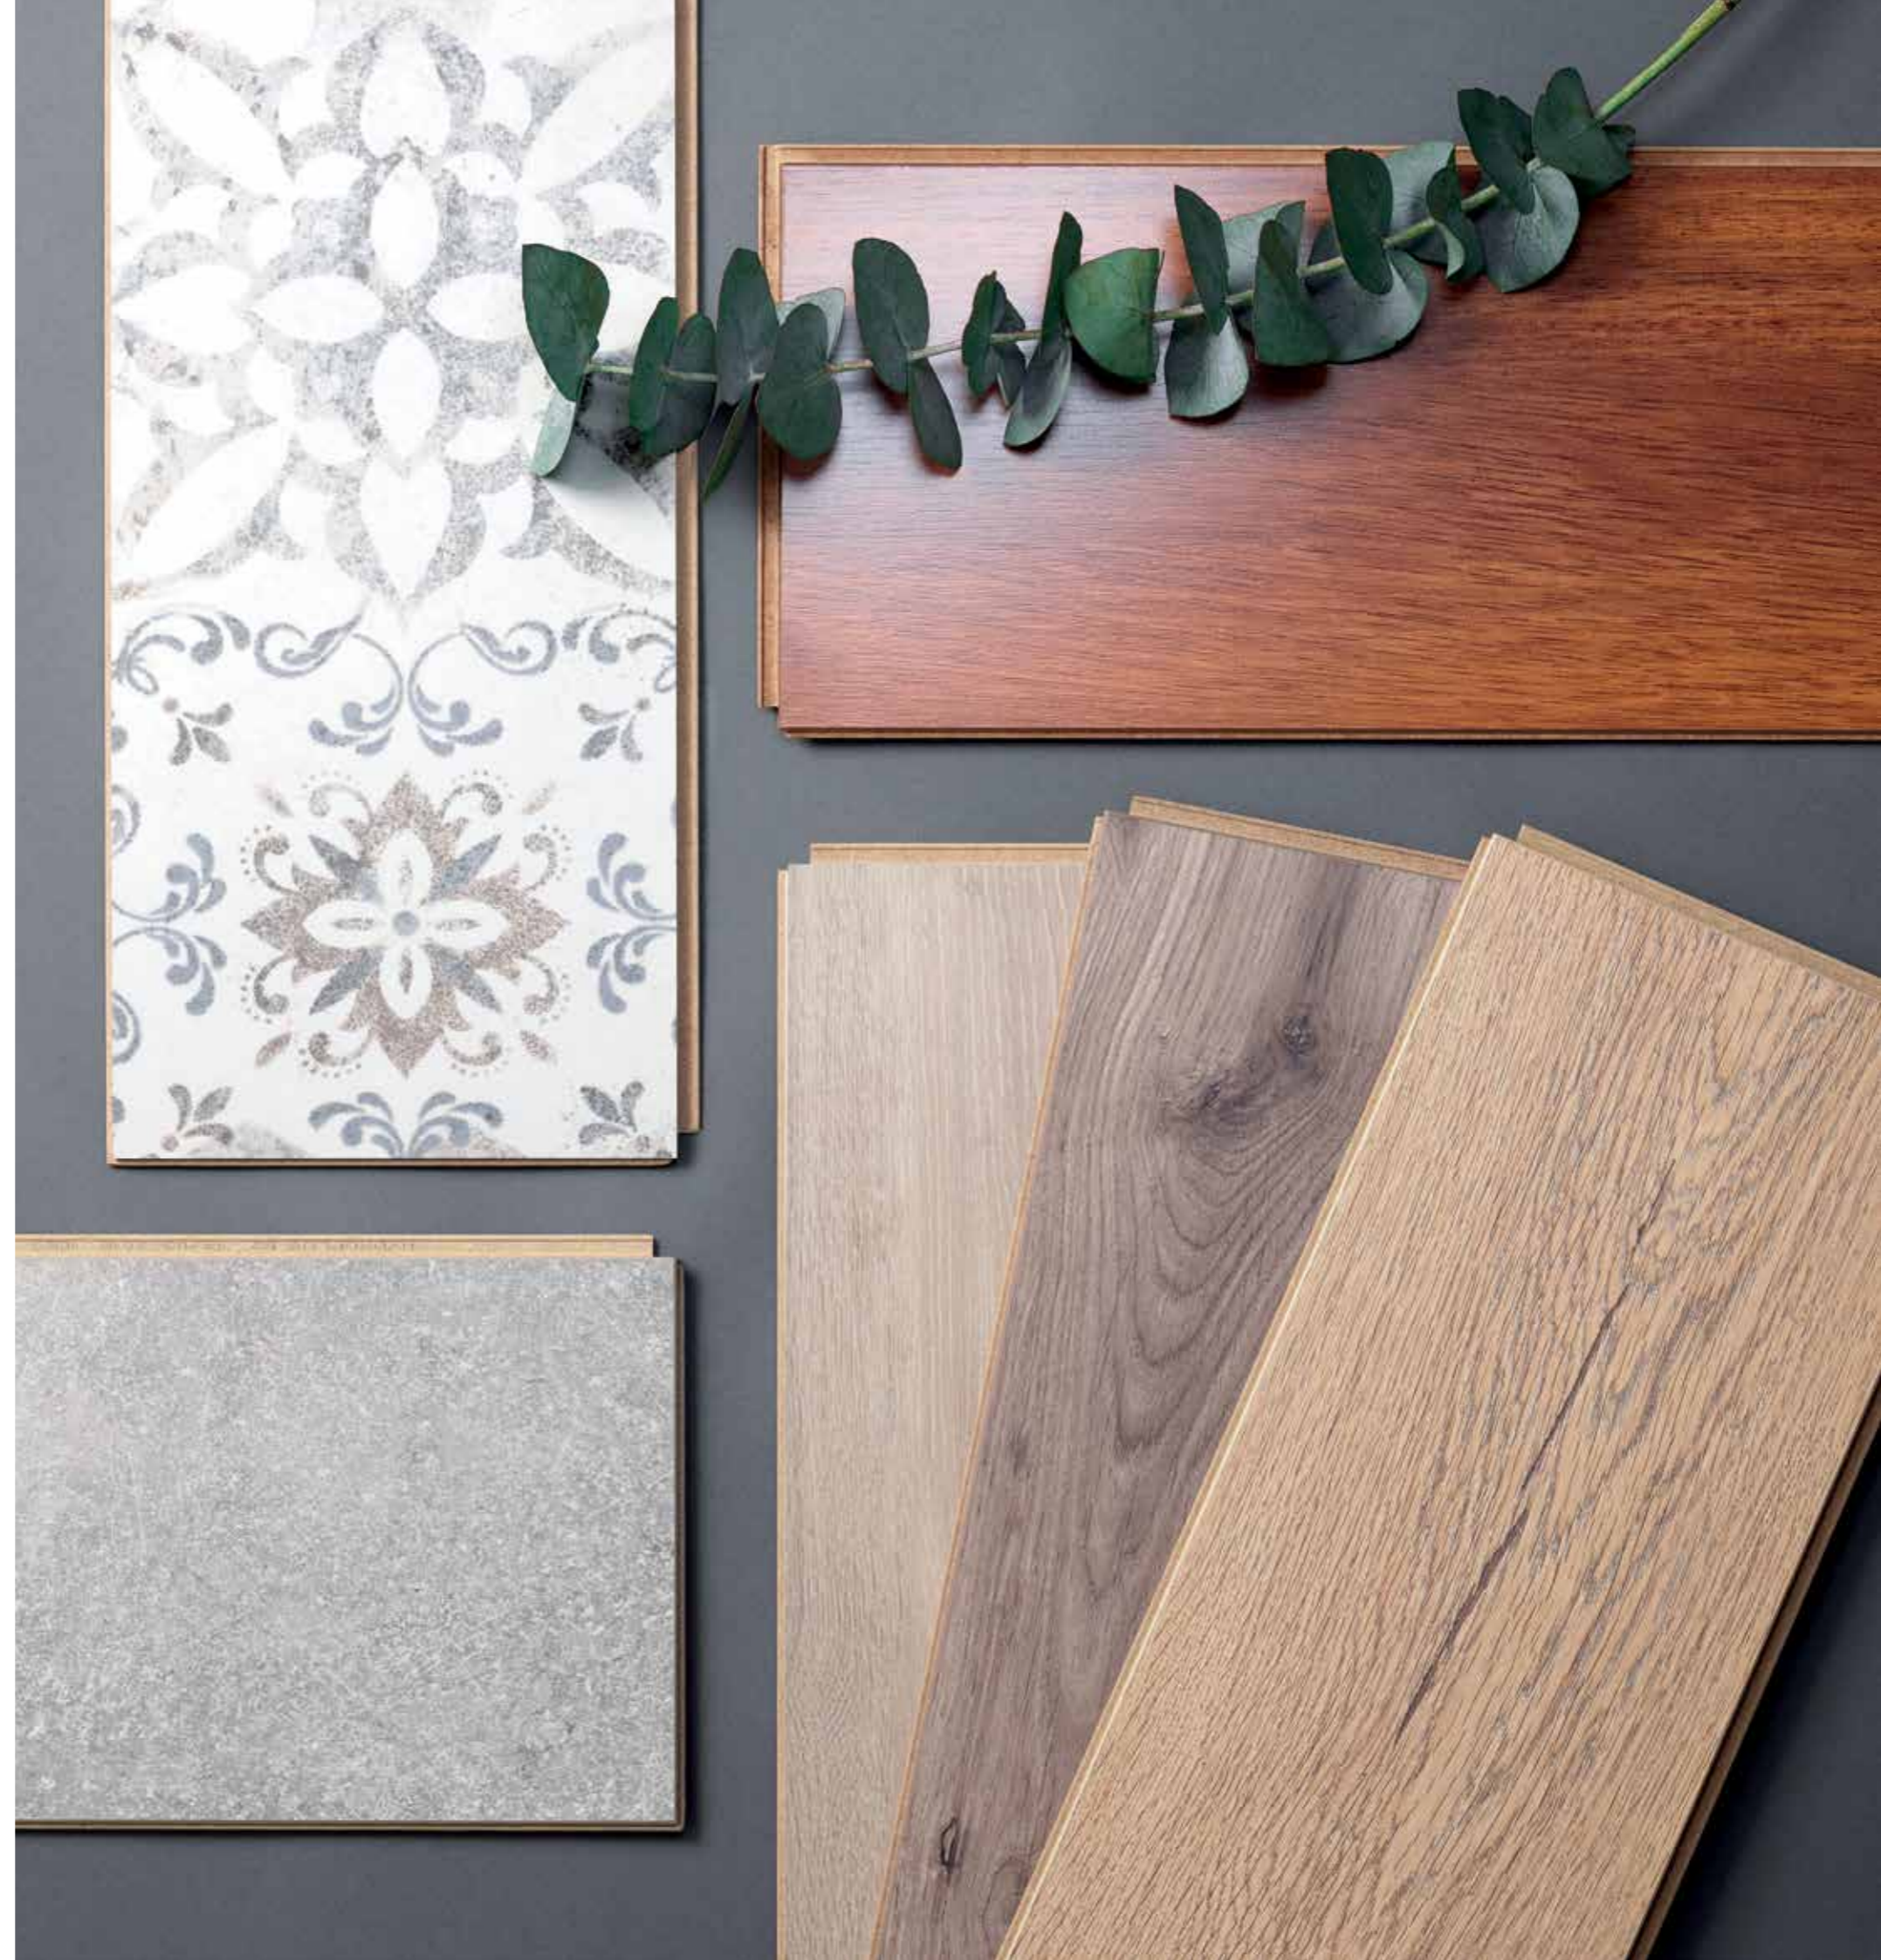

# 3. ***FINISH***

- ***WOOD STRUCTURE***
- ***REAL WOOD STRUCTURE***
- ***DEEP STRUCTURE***
- ***GLOSS***
- ***STONE***

What kind of finish do you desire? BerryAlloc Laminate floors provide you with the luxury of choice: Wood structure, real wood structure or deep structure, gloss, even authentic-looking stone. Depending on room size and your preferences, you can choose between a floor with or without bevels, the structure you prefer, the size of the planks and last but not least, the colour of the floor.

See structure guide on p.48

## ***INSTALLING***

### **Installing your BerryAlloc Laminate floor has never been so easy!**

No need for glue. No need for extra tools.

#### **Requirements:**

- BerryAlloc Underlay **p. 129**
- BerryAlloc Laminate floor
- BerryAlloc matching or white skirtings/profiles **p. 130 - 132**
- Sawing machine (Electrical or hand saw)

#### **Optional Requirements:**

- BerryAlloc DuoLoc Tapping Block **p.129**  
(Only for Smart, Impulse and Ocean)
- Hydroplus Accessories **p. 133**  
(Only for for Ocean and Eternity)

#### **INSTALLATION STEPS**

**Step 1:** Choose your BerryAlloc underlay and place it on your floor. A good underlay softens your walk, isolates and reduces noise. This first step is essential to ensure great results.

**Step 2:** Choose your BerryAlloc floor and start installing from one side of the room. Follow the installation instructions provided with your flooring. In a few hours, your floor will be installed. Then it's time for Step 3.

**Step 3:** Finish the room and add polish with 100% matching, white or aluminium BerryAlloc accessories (skirtings and profiles).

**Locking systems:** DuoLoc, 5G, Chateau Loc.

**THE FINISHING TOUCH.** Your floor looks wonderful. We would dare argue that it's the little design details that take it into extraordinary territory. They certainly add chic polish. That's why we offer a wide range of accessories within BerryAlloc. You will find matching skirtings and profiles with the same colours and even the same structures as your laminate floor itself. Our matching accessories allow for the perfect crossover between two floors and enable you to conceal height differences and bridge expansion gaps. We offer underlays to perfectly prepare the installation of your BerryAlloc Laminate floor and a select range of installation & maintenance products. Correct, meticulous finishing makes all the difference in the world and enhances the longevity and striking effect of your floor.

# ACCESSORIES

*Everything you need  
for a perfect installation*

## UNDERLAY **BerryAlloc UNDERLAYS are designed to improve your living comfort and will contribute to a perfect installation of your new Laminate floor.**

**BerryAlloc underlays have the same high quality standards as our Laminate flooring and are multifunctional:**

- They reduce the transit sound with a minimum of 19 dB
- They correct unevenness in your subfloor so you have a level base to install the floor on.
- They always have an integrated moisture barrier to keep any seasonal changes in humidity in your subfloor from damaging your laminate.

### EXCELLENCE PLUS

is an underlay with very high sound reduction qualities that is perfect for floor heating/cooling.

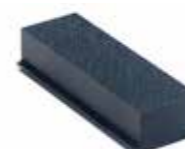

### EXCELLENCE IMPACT+

has a high impact resistance, which makes it very strong and suitable for more demanding projects.

## INSTALLATION TOOLS **Do it yourself.** We innovate for your ease of installation.

### BERRYALLOC DUOLOC TAPPING BLOCK

The tapping block will not only help you to cope with more difficult areas like doorways or the last row, it can be used to install a complete floor very fast, using the snap function of DuoLoc. **Ref:** 63001777

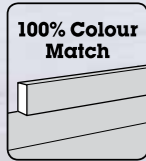

### BERRYALLOC CLIPS AND PLUGS

Do you want to fix your skirting to your wall without using glue? BerryAlloc Skirting clips can be used for all 60 and 80mm matching and paintable skirtings. 1 bag: 30 clips **Ref:** 9310-0017

<sup>1</sup> Impact sound is the sound that reflects through the floors to the room(s) below.  
<sup>2</sup> Walking sound is the reflection of the sound within the room itself

## HYDROPLUS® ACCESSORIES

**Perfect HydroPlus® Laminate finishing in 4 steps.**

After the installation of our water-resistant collections Ocean and Eternity, we advise you to use the HydroPlus kit to seal the edges of your Laminate and protect your skirtings in 4 steps:

### Step 1 : Fillertwine

Joint sealing strip for filling expansion joints. For use both between the wall and floor and under door frames or around pipes. Fillertwine allows the floor to expand/shrink.

10 m / Ø 6mm  
**Ref:** 63000771

### Step 2: HydroPlus Sealant

Use the elastic Sealant Kit on top of the Fillertwine in expansion joints, between the floor and the wall. It prevents the edges of your floor from coming into contact with humidity.

310 ml.

### Step 3: HydroPlus Skirting Strip

Apply the HydroPlus Skirting Strip to the base of your skirting to protect it from moisture, while still allowing the laminate underneath to expand/shrink.

10 m  
**Ref:** HPSTRIP

### Step 4: HydroPlus Glue

Super strong, water-resistant installation glue to fix the skirtings to the wall. Lets you finish the job simply and accurately.

290 ml.  
**Ref:** HPGLOUE

### Step 1 - 4: HydroPlus Installation Set

'4 in 1' set contains all 4 HydroPlus Accessories. Set: Filler Twine, HydroPlus Sealant Kit, HydroPlus Skirting Strip and the Hydroplus Glue
